

REMARKS

In response to the restriction requirement imposed by the Examiner, the Applicant elects Group I, claims 1-18 without traverse, subject to the filing of non-elected claim 19 in a divisional application. Accordingly, claim 19 is withdrawn from consideration as being drawn to the non-elected invention. Should the Examiner find elected Group I, claims 1-18, to be in allowable condition, he is authorized to cancel the non-elected Group II, claim 19.

In response to the election requirement, Applicant has made a provisional election without traverse to prosecute the first species wherein the motor is an SSC motor (Figs. 1 and 10, beginning at page 10, line 10). Claims readable on the elected species include the generic claims 1, 3, 6 -8, and 16 and the species claims 2, 4, 5, 9-12, and 17. Accordingly, claims 13-15 and 18 are withdrawn from consideration pending the allowance of a generic claim.

Respectfully submitted,
